- **Gütermann creativ Tera 180** is specially made for **overlock working**.

This fine, semi-transparent thread offers optimum stitching properties. With high-quality miniking reels, accurate handling on every standard **overlocking machine** is guaranteed. Special quality characteristic of this thread: no imprinting of the trimming seam after ironing, even on fine fabrics. The **semi-transparent optic** of the thread enables **optimal colour adaptation** to the used fabrics.

Recommended needle and needle size:
Universal Needle NM 60 – 70

Available in 40 shades, which provide diversified application options due to the semi-transparent optic of the thread.
